Abstract / Vision

Prosperia represents the evolution of decentralized finance—where kindness, purpose, and community empowerment converge to build sustainable value. As a next-generation cryptocurrency, Prosperia (\$PROS) bridges the world of meme culture and real-world impact. Our vision is to transform speculative energy into tangible growth through tokenized real estate, business participation, metaverse experiences, and community-driven prosperity.

“Kindness is Currency – What we build for one becomes the hope of many.”

The Prosperia Ecosystem

Kindness is Currency

Problem & Opportunity

The majority of cryptocurrencies lack intrinsic value, stability, or meaningful social purpose. Speculative trading cycles create volatility that erodes trust among both investors and communities. Prosperia identifies this as an opportunity to redefine digital value—by connecting crypto participation to real economic activity, business ownership, and property-backed reserves that generate measurable good.

The Prosperia Solution

Prosperia introduces a hybrid ecosystem where digital tokens are backed by real-world assets and metaverse-based value creation. The \$PROS token functions as both a medium of exchange and a unit of participation in a kindness-based, asset-backed economy. Key components include: Tokenized Real

Estate & Businesses; Metaverse Expansion; future Kindness Mining; DAO Governance & Staking; and Multi-Chain Interoperability (SPL, ERC-20, XRPL).

Tokenomics & Reserve Model

- **Total Supply:** \$1,000,000,000. \$PROS tokens.
- **Lock Period:** 24 months.
- **Allocation:**
 1. 50% Reserve, Real Estate & Business Assets
 2. 20% Community Rewards & future Kindness Mining
 3. 15% Development & Operations
 4. 10% Liquidity & Exchange Listings
 5. 5% Advisory & Partnerships

Tokenomics Allocation

Total Supply: 1,000,000,000 \$PROS

- **The Prosperia Reserve** is funded by real-estate income, business revenue participation, metaverse transactions, and ecosystem fees—progressively stabilizing \$PROS as a reserve-backed digital currency.

Real Estate & Business Integration

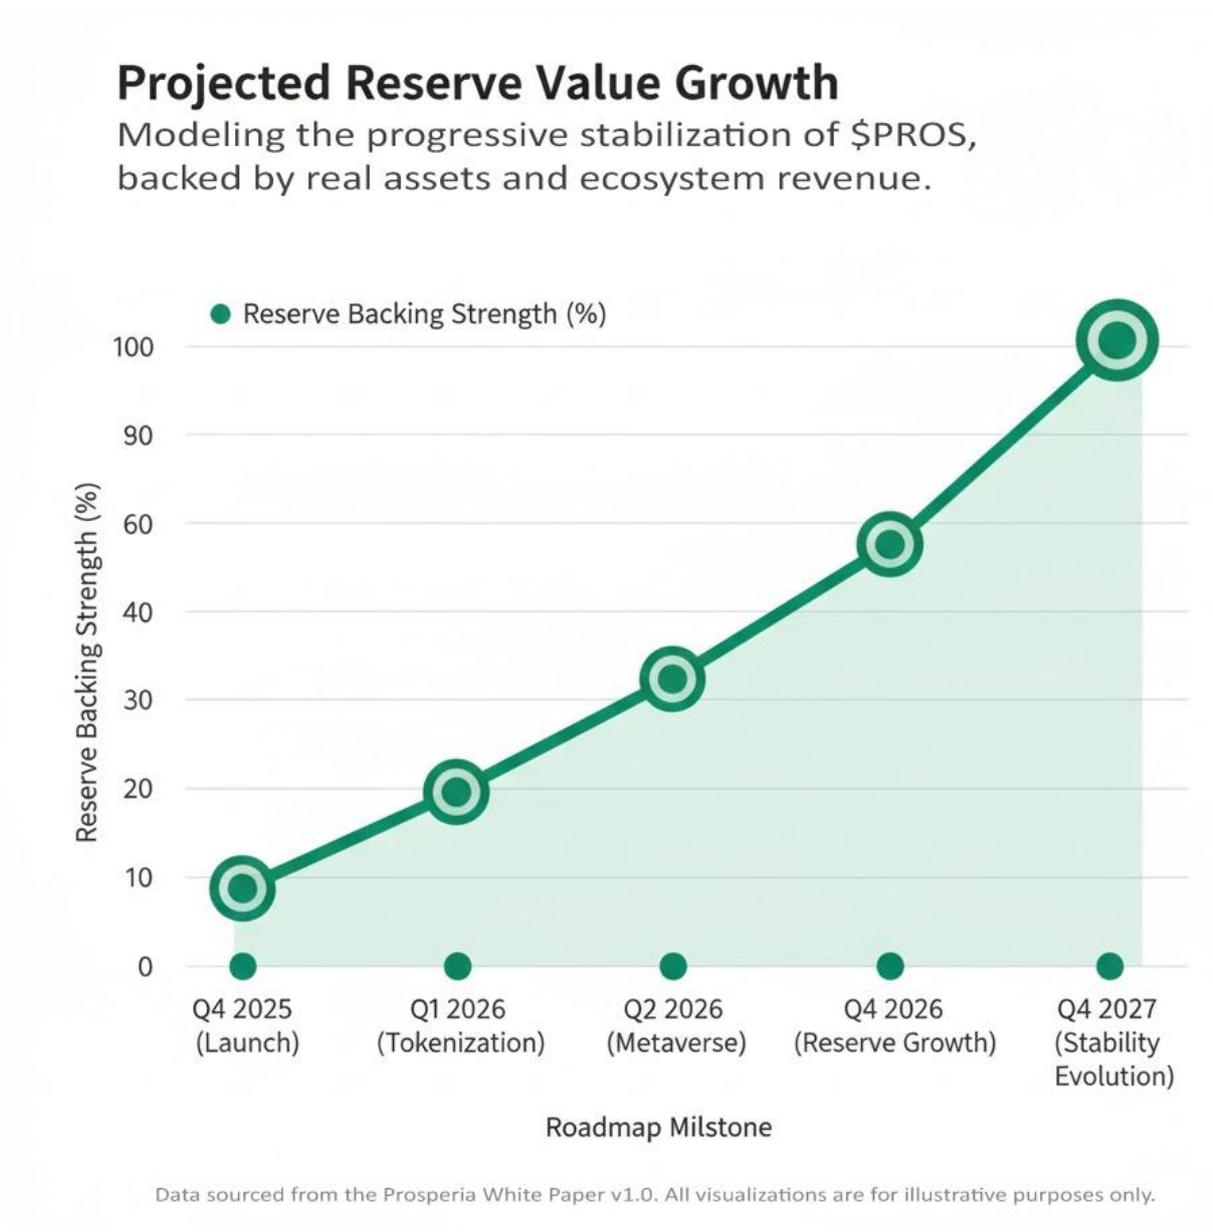

Prosperia channels investment capital into sustainable housing, real-estate development, and business acquisitions/partnerships that generate recurring revenue. Participants benefit indirectly via the strengthening \$PROS reserve, reflecting both asset appreciation and income flow. Initial focus is U.S.-based assets followed by measured global expansion across high-opportunity markets.

Metaverse Expansion

Prosperia World serves as an immersive hub to explore tokenized properties and virtual business spaces, access NFT storefronts and exhibitions, and participate in DAO governance and interactive metaverse events. The **Vault Collection NFTs** (Bronze, Silver, Gold, Platinum, Diamond) act as digital keys unlocking access, governance, and exclusive virtual environments across the Prosperia ecosystem.

Roadmap

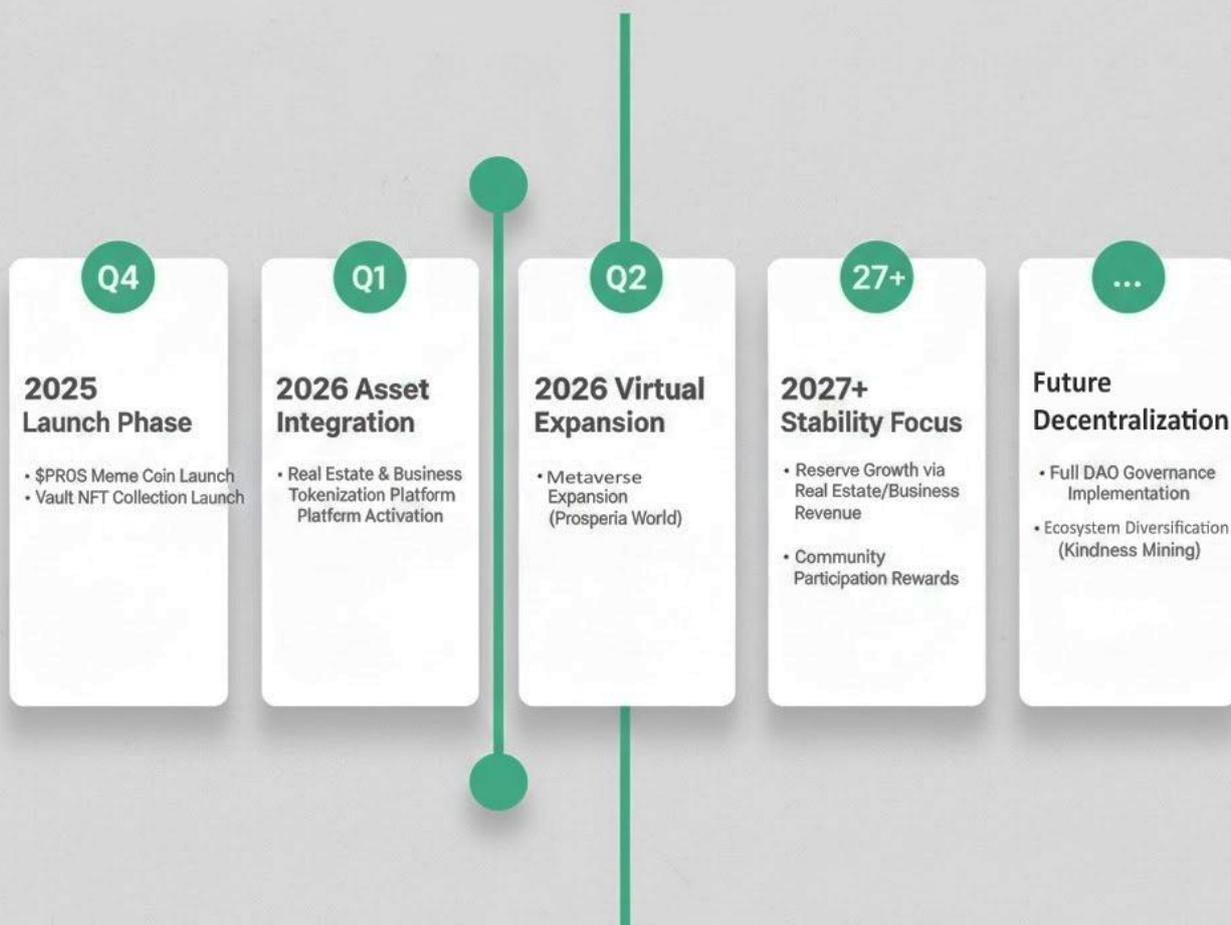

- **2025 Q4:** Launch of \$PROS Meme Coin and Vault NFT Collection.
- **2026 Q1:** Activation of Real Estate & Business Tokenization Platform.
- **2026 Q2:** Metaverse Expansion via Prosperia World.
- **2026 Q4:** Reserve Growth through Real Estate, Business Revenue, and Community Participation.
- **2027+:** Global Expansion and Reserve-Backed Stability Evolution.

- **Future Phases:** Full DAO Governance and Ongoing Ecosystem Diversification.

Prosperia Development Roadmap

Key Milestones & Future Vision (2025-2027+)

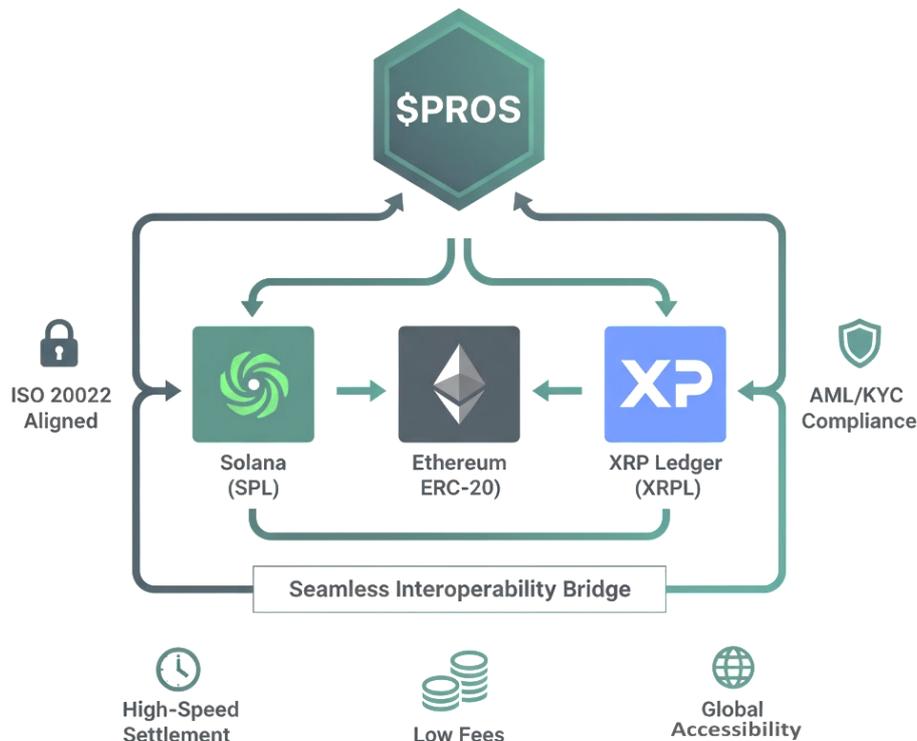

All dates are estimates and subject to change. Data sourced from Prosperia White Paper v1.0

Technology & Transparency

Prosperia is built on a multi-chain foundation — **SPL, ERC-20, and XRPL** — ensuring global accessibility, high-speed settlement, low fees, and long-term scalability. This architecture enables token issuance,

Multi-Chain Foundation

bridge functionality, and seamless interoperability with real-world asset platforms.

To support institutional-grade reliability and next-generation financial integration, Prosperia’s infrastructure is designed to be **ISO 20022-aligned**, preparing the ecosystem for future compatibility with international banking rails, cross-border settlement systems, and compliant digital asset networks.

Every transaction is verifiable, every asset is trackable, and every reserve update is transparently recorded—providing investors with confidence, clarity, and trust.

Compliance & KYC

Prosperia operates under strict **AML/KYC compliance frameworks** to ensure transparency, legality, and trust. All participants, partners, realtors, and business collaborators involved in property or tokenized ventures undergo full identity verification. Reserves and asset portfolios are audited and reported to align with evolving global regulatory standards.

Privacy & Data Policy

Prosperia is committed to safeguarding the privacy, security, and personal information of all token purchasers, participants, partners, and community members. This Privacy & Data Policy explains how Prosperia collects, uses, stores, and protects data within the Prosperia ecosystem.

1. Information We Collect

Prosperia may collect the following categories of information to support secure transactions and platform functionality:

Personal Identification Information

Information provided during purchase or registration, including:

- Full name
- Email address
- Country of residence
- Billing and payment details
- Transaction history

Wallet Information

- Solana wallet address used for vesting and future token distribution.

Verification Information (KYC/AML)

When legally required or mandated by compliance standards, Prosperia may request:

- Government-issued ID
- Proof of address
- Additional regulatory verification documents

Automatically Collected Information

Technical and usage data such as:

- Website analytics and interaction logs
- Device and browser identifiers
- Metadata used to improve security and user experience

2. How We Use Your Information

Information collected by Prosperia is used strictly for:

- Processing \$PROS token purchases

- Recording token allocations, lockup periods, and vesting schedules
- Generating vesting confirmations and unlock certificates
- Fulfilling regulatory, legal, and audit obligations
- Fraud prevention and platform security
- Improving platform performance and user experience
- Communicating confirmations, announcements, and ecosystem updates

Prosperia does not sell, trade, or rent personal information for commercial purposes.

3. Data Storage & Security

Prosperia employs industry-leading security measures to protect sensitive data, including:

- Encrypted data transmission and storage
- Secure servers and restricted-access databases
- Controlled access for authorized personnel only
- Continuous monitoring and compliance with global standards

Third-party service providers (e.g., KYC platforms, payment processors, custodial partners) must also comply with GDPR, CCPA, AML, and other international data-protection requirements.

4. Sharing of Information

Prosperia may share limited information only when necessary for:

- Legal and regulatory compliance
- Fraud detection and risk management
- Financial audits
- Token distribution and vesting execution

Information is **never** shared for advertising or marketing purposes.

5. User Rights

Participants have the right to:

- **Access** personal information we hold
- **Correct** inaccurate or outdated information
- **Request deletion** of personal data when legally permissible
- **Verify their token allocation and vesting records**

All requests may be submitted to:

support@prosperiacoin.com

Prosperia will respond to inquiries in accordance with applicable privacy and data-protection laws.

6. Updates to This Policy

Prosperia may revise this Privacy & Data Policy as legal, regulatory, or operational requirements evolve. Updated versions will be:

- Published on the official Prosperia website
- Included in subsequent editions of the Prosperia White Paper

Users are encouraged to review the policy periodically to stay informed about how their data is protected.

Terms of Coin Sale

These Terms of Coin Sale govern the purchase of Prosperia tokens (“\$PROS”) during the official Prosperia token offering. By participating in the purchase of \$PROS, buyers acknowledge and agree to the terms outlined below.

1. No Immediate Token Delivery

- All \$PROS purchased during the offering are **subject to a mandatory 24-month lockup period**.
- Tokens are **not delivered at the time of purchase**.
- Token distribution will occur **only on the purchaser’s designated unlock date**, following completion of the vesting period.

2. Final and Non-Refundable Purchase

- All purchases of \$PROS are **final, irreversible, and non-refundable**.
- Participants acknowledge that \$PROS **cannot be returned, exchanged, converted to fiat, or redeemed for other assets**.
- By completing a purchase, buyers waive any right to chargebacks or payment disputes.

3. Lockup & Vesting Requirements

By purchasing \$PROS, the buyer agrees to the following conditions:

- Tokens will remain **locked for 24 months** from the recorded allocation date.
- Tokens **cannot be sold, traded, transferred, withdrawn, or otherwise accessed** before the unlock date.

- Vesting allocations are **final once assigned** and cannot be altered.
- Failure to provide a valid Solana wallet address may result in delayed delivery.
- If a wallet change is requested during the vesting period, Prosperia may require **identity verification, ownership confirmation, or additional documentation** before approving modifications.

4. Use of Funds

Funds collected through the sale of \$PROS may be allocated at Prosperia’s discretion to support:

- The Prosperia Reserve
- Real estate and business acquisitions
- Metaverse development and ecosystem expansion
- Operational and administrative expenses
- Platform and community growth
- Legal, compliance, and regulatory requirements

Prosperia maintains **full and exclusive authority** over how collected funds are utilized.

5. No Securities Offering

Prosperia tokens (\$PROS):

- Are **not** securities or investment instruments
- Do **not** represent equity, ownership, shares, voting rights, or debt
- Do **not** entitle holders to profit-sharing, dividends, or guaranteed future value
- Are sold solely as **digital utility tokens** intended for participation within the Prosperia ecosystem

Participants are strongly encouraged to seek independent **legal, financial, and tax advice** before purchasing \$PROS.

Disclaimer

This document is for informational purposes only and does not constitute financial, legal, or investment advice. The Prosperia token (\$PROS) represents participation in a digital ecosystem designed to promote kindness, asset growth, and community empowerment—it is not a guarantee of financial return. Participants should conduct independent due diligence and consult licensed professionals before engaging in any cryptocurrency or real-estate transaction. Prosperia may modify its roadmap, structure, or allocations to reflect market and regulatory changes.
